

2025 Microteaching PgCert

Time plan

20-minute session

1. Introduce myself, my practice and how the activity relates to my course and my students learning (5 mins)
2. Look at the embroidery samples, analyse them and use the supporting questions to answer how they think they are made, the material used, and processes used. (5 mins)
3. Group discussion, go round 1 by 1 to discuss their findings and ideas (3 mins per person- 5 people)
4. Further sample analyses, Finding similar samples to their own in a bigger range of samples (open discussion to the end of session)
